Arrest warrant issued in animal cruelty case

BY CHRIS BROOKE
editor@hclocal.com

Failing to stick to conditions of his bond means a warrant has been issued for the arrest of a man charged with torturing two of his ex-girl-

friend's dogs to death. Defendant Brandon Grant did not show up for his scheduled pre-trial conference in Henry County Circuit Court last Thursday, after a night of heavy thunderstorms struck the region.

Assistant Commonwealth's Attorney Josh Clubb called Grant's case first thing when court opened, but defense attorney Tim Crawford said the defendant explained that rising

waters were threatening his home. "Mr. Grant's not going to be with us this morning," Crawford said at the beginning of the hearing, later adding: "Mr. Grant called me at 7:45 this morning and

said the creek where he lives over in Prospect is rising quickly and he has to get his furniture out." Reading Grant's file, Judge Karen Conrad noted from the bench that the defendant had violated the terms of his

conditional release. Out on \$1,000 bond, Grant was ordered to have no further violations of law, to submit to random drug tests, not to consume any alcohol

EIS raises taxes

BY CHRIS BROOKE
editor@hclocal.com

Explaining that raising taxes was their least favorite part of the job, the Eminence Board of Education voted Sept. 4 to set the tax rate for 2014-2015 at 76.8 cents for real and personal property.

This rate will allow the schools to collect a 4 percent revenue increase, which educators have said was made necessary by the state mandated 1 percent pay increase for all employees this year.

The rate will cause taxes to go up \$30 on \$100,000 worth of property, educators have said.

The school board's approval came after a public hearing during which three speakers objected to a tax hike, chiefly Joyce Creech.

She told the school board that Eminence schools should live within its budget, instead of passing on the

HCHS Homecoming Parade

MELISSA BLANKENSHIP/LOCAL

Henry County High School celebrated homecoming last week. On Thursday, students paraded through New Castle. Above, members of the sophomore class chanted behind their float. Below left, members of the Homecoming Court, seniors MacKenzie Peyton and Brandon Payton, rode in a convertible for the parade. Below right, Sarah Foree tossed candy to children along the parade route.

Courts go digital

BY KENNY COLSTON
Landmark News Service

Neighboring counties Oldham, Henry and Trimble will help test out a new electronic filing system for the state's court system, area judges announced last week. The three counties make up the 12th Circuit in Kentucky, which is only the third circuit in the state to launch e-filing for civic cases, District Judge Jerry Crosby said.

The new program will allow court clerks to enter motions, filings and other legal documents electronically, allowing for the start of a transition away from expensive paper costs, he said.

"The simple answer, as to why we're doing this, is that files are expensive," Crosby said. "That's the long and short of it. The other is paper is not safe. It can be stolen, it can be lost, it can be burned."

Many local judges, attorneys and clerks applauded the move as a great one for what has become a cash-strapped court system in Kentucky.

"We must do this to stay competitive and to maintain justice in Kentucky," Supreme Court Justice Michelle Keller, whose district represents the three counties, said.

Keller noted the change has not come at the

Eminence proposes middle ground tax increase

BY CHRIS BROOKE
editor@hclocal.com

Eminence City Council has not proposed a 4 percent revenue increase since 2009, and the new rate sought for fiscal year 2014 will be less than the maximum allowed tax hike, as officials discussed at their regular September meeting. That's despite a loss in value of assessed real

estate, including the former Cook's pharmacy.

"Last year, if you'll recall, we took a compromise in the middle," Mayor Drane Stephens said, launching the tax rate discussion. "We didn't take the 4 percent, we didn't take the compensating."

When drafting the budget for 2014, city officials budgeted \$345,000 in revenue

between the real estate and personal property, the mayor said.

"As you know, we make the budget way before we know the assessment, so we're always in kind of an educated guessing stage," he added.

The maximum rate of 32.3 cents per \$100 property valuation would bring in \$311,736, while the compensating rate

of 31.3 cents would bring a little more than \$300,000.

The 4 percent maximum would cost taxpayers with a home valued at \$100,000 about \$12 more.

City officials aren't expecting any new revenues to come from new real estate development, after City Clerk Sandy Doane let them know that real estate in

Eminence actually lost value.

A large portion of that came from the decreased value in the now defunct Cook's store.

City officials discussed that value of the new CVS has been included in the tax rolls, because the real estate values are based on figures from Jan. 1. The new McDonald's won't show up until next year.

City council member Polly Troxell suggested the new tax rate fall somewhere in-between of the maximum and the compensating rate. "I'm leaning towards in the middle like we did last year," she said.

The rate of 31.7 cents would bring in about \$306,000 for real estate and \$55,000 for personal

Republicans rally party support at regional event

Above, Gubernatorial candidate and current Agriculture Commissioner James Comer takes time to speak to one of the younger Republicans at the GOP Rally Saturday in Pendleton.

BY MELISSA BLANKENSHIP
publisher@hclocal.com

The Republican focus for the 2014 general election was made abundantly clear at a regional

GOP rally in Henry County over the weekend. “The number one priority is to keep Mitch McConnell in office, and not as minority leader,

but as majority leader,” said Kentucky State Senator Paul Hornback, of Shelbyville. “We’ve got to recover this country because it’s not going in the right direction.” Hornback was just one of several speakers at the rally that brought together Republicans from Henry, Oldham, Shelby, Owen, Jefferson, Carroll and Trimble Counties this past Saturday. From the podium, it was obvious Republicans currently in office and those vying for offices across the Commonwealth were on the same page for the upcoming election. “We need more common sense in Frankfort. We need Mitch McConnell to be majority leader in Washington. We need Republican leadership in the House and Senate,” said U.S. Congressman Thomas Massie. “This race this fall is about getting that majority for the Republican Party and for the people of this state.” Oldham County Judge-Executive David Voegele called McConnell a heavyweight and referred to his Democratic oppo-

nent Alison Lundergan Grimes as a lightweight. “We need to send a heavyweight back to Washington,” Voegele said. “Is it time for a change? Yes, it’s time for a Republican Senate.” Representing her husband, Mitch McConnell, Elaine Chao pointed to lack of jobs, the unemployment rate, high costs of Obamacare and unrest all over the world as primary issues that need to be addressed by Republican leadership. “We’re not being protected overseas and we aren’t being supported at home,” Chao said. “Obama needs Allison Grimes. Kentucky needs Mitch McConnell.” While all of the speakers emphatically expressed support for McConnell in his federal race, some also made a point of addressing the importance of the upcoming November elections at the state level. “We need to flip the house and elect a Republican governor,” Hornback said. Two Republican gubernatorial candidates spoke at the rally

Saturday, but instead of sparring ahead of the 2015 primary, their comments toed the party line and encouraged active involvement. “We need to engage in these elections. Talk about politics. Talk to your friends on your back deck and in the church parking lot,” said former Louisville Metro Councilman Hal Heiner. “We need to get people to the polls. People are fed up all over the state.” Heiner’s opponent for governor, current Commissioner

of Agriculture James Comer, echoed that sentiment. “As I’ve traveled around Kentucky, I hear that citizens are sick and tired of federal government overreach,” Comer said. “We want to leave a better state for our children and grandchildren. We can’t do that without more Republicans in office. “I’ve never been as excited as I am right now to be a Republican,” Comer added. “We can change this state overnight.”

Hal Heiner, who is also a Republican candidate for the 2015 governor’s race, chatted with Bob Fishback of Oldham County.

Troopers trek Grand Canyon

Kentucky State Police Commissioner Rodney Brewer (left) and Lt. Col. Jack Miniard trekked the Grand Canyon from rim to rim Aug. 22-24 in a 30-mile hike to honor all KSP troopers who currently serve and those who gave the ultimate sacrifice with their lives. The pair carried the photos of the 27 officers who sacrificed their lives in the line of duty since the agency’s inception in 1948. Brewer and Miniard used vacation time for the hike and incurred all expenses associated with the trip. No tax dollars were used to support the walk. They are asking supporters to donate \$1 to “The Trooper Project” for their effort. The project will consist of a seven-and-a-half foot bronze trooper statue to be located on the grounds of the new KSP Training Academy in Frankfort. Contributions can be made through a website (<http://www.thetrooperproject.com/>) or by mailing a donation to: The Trooper Project, 919 Versailles Road, Frankfort, Ky. 40601.

New Castle cuts taxes

Residents in the city of New Castle are enduring an increase in water and sewer rates, but they will soon be enjoying a decrease in their property taxes. At their September meeting, commissioners voted to set this year’s tax rate at 18.5 cents per \$100 of assessed value for real and personal property, a decrease from last year’s rate of 19.3 cents. The decreased rate will actually result in a slight increase in revenue due to a boost in property valuation assessments following a substantial property sale earlier this year. Last year’s tax rate resulted in \$54,580 in revenue, while this year’s rate will bring in \$54,664, a difference of \$84. Commissioners could have adopted a rate up to 19.2 cents, which would have resulted in an increase in revenues of \$2,068. But on the heels of increases to water and sewer bills, the city didn’t want to overburden its citizens, City Clerk Lynn Adams said. Plus, the city is in sound financial condition, according to a recent audit performed by Raisor, Zapp and Woods. Of the four “pots of money” maintained by the city, three are in “good shape,” according to Jeff Woods, who presented the audit at the city’s meeting. Woods reported the general fund, road fund and water funds are all operating efficiently, but the sewer fund has been and will continue to be problematic. “Sewer is more expensive to operate, and although you had a small rate increase, this year, it didn’t factor everything in,” Woods said. “You had an increase in sewer rates in July

of this year, so hopefully next year will improve, but it’s just a really expensive endeavor.” Woods assured commissioners the manner in which New Castle is managing its revenues and expenditures, especially water and sewer, is on par with other cities its size. “You’re operating utilities as utilities are generally operated,” Woods added. In other business: •Public Works Director Scot Treece was asked to develop a cost estimate to modify the sidewalk at 18 West Cross Main to alleviate the severity of the existing step there. Plans include building up the sidewalk to make the step up less steep. Treece estimated the cost would be approximately \$1,000. •Jamie Tingle, President of Henry County Youth Baseball League, approached the commission to seek permission to use ballfield indefinitely. He said that baseball was usually done in late June or early July and would not interfere with the football team that also uses the field. Tingle agreed to be in charge of scheduling at the field. The city granted use of the field to Youth Baseball League from March 1 through July 1, with maintenance to be coordinated between the league and city public works. The city also agreed to provide a 30-day notice if the agreement needed to be modified or terminated. •Jeff Thoke, Mainstreet Manager, told the commission that there would be a special event held at the Locker on Sept. 27. Gary Grigsby will serve a catered all-you-can-eat buffet meal and entertainment will be provided. Reservations are required, with seating up to 75 available. Tickets are \$25 each. Reservations can be made by contacting Thoke at (502) 845-5750.

Editor's note: The Henry County Local publishes obituaries as a service to the community. Obituaries will only be accepted from funeral homes and will be edited to meet the Local's standards. A paid obituary is offered for those who wish to print additional information. Deadline is 3 p.m. Monday the week of publication.

PAUL EVANS, 78

Paul Laverne Evans, age 78, passed away Friday, September 12, 2014, at home. He was born in Henry County to the late Paul and Mary Belle Black Evans.

He is survived by his daughter, Paula Hughes, Georgetown.

Services were held at 2 p.m. Tuesday, September 16, 2014 at Northside Christian Church in Georgetown with Minister Scott Coburn officiating.

Tucker, Yocum and Wilson Funeral Home was in charge of arrangements.

BRO. RICHARD OLDHAM, 84

Bro. Richard P. Oldham, 84, of Bowling Green died September 8, 2014. He was the son of the late Robert B. Oldham Sr. and Lessie Rogers Oldham.

He is survived by a brother, the Bro. Robert B. Oldham Jr. of Campbellsville, and a sister, Jeanne Carothers of Central Point, Oregon.

The funeral was held at 10 a.m. Thursday, September 11, 2014, at Glendale Baptist Church in Bowling Green. Burial was in New Castle Cemetery on Friday, September 12, 2014. J. C. Kirby Broadway Chapel was in charge of the arrangements.

Baptist Health to host free prostate cancer screening

One in six men will be diagnosed with prostate cancer. It's the most common cancer in men with more than 2,500 men in Kentucky being diagnosed annually. And, African-American men and men with an immediate family member – father or brother – diagnosed with prostate cancer before the age of 65 are at increased risk of developing the disease.

Men aged 50 and older can find out their risk at a free prostate can-

cer screening Saturday, Sept. 20 at Baptist Health LaGrange. Appointments can be made from 8 a.m. to noon by calling 502-222-3627.

The screening includes a digital rectal examination (DRE) performed by a physician and a Prostate-Specific Antigen (PSA) blood test which involves a blood draw. An elevated PSA can be the sign of a prostate condition, including cancer.

Higgins celebrates 30 years

Campbellsburg Second Baptist Church will celebrate Rev. E.B. Higgins' 30th year pastoral anniversary on September 27, 2014. Services will start at 11:30 a.m.

The guest speaker will be Bishop T.L. Hill and his congregation from Deliverance Tabernacle in Brooks. The church is located at 9338 Main Street in Campbellsburg.

Thank You

To everyone who sent flowers, food, cards and prayers during the death of our mother. May God Bless You.

The long way can be the most rewarding

Two summers ago my family and I turned my dad's business trip from Michigan to Las Vegas into a ten-day vacation. My brother had to stay behind for work, so my parents and sister and I made the sixty-hour drive. Thirty hours one way is long enough to spend in the car with anyone, let alone your family, but we saved money by not flying, and rented a vehicle with decent gas mileage.

The first few hours of the trip were fun. It had been ages since our family went anywhere together for a week's time. We spent our time talking, playing games and enjoying the scenery. It felt like we were kids again, and we tried to make the most of what might be our last family trip together before we went in

HEATHER*bagedorn*
Reporter

separate directions.

By the time we reached Nebraska, we were completely bored out of our minds. The land was completely flat most of the time, and there were no interesting views other than miles and miles of farms.

Mixed in with the boring scenery was back seat driving from my sister to my dad. Those two bump heads about everything, and hours of confinement in the car together made it worse. My mom and I stayed quiet to keep

the peace and try to enjoy the trip.

The view from our windows became overwhelmingly beautiful when we saw the first mountains driving into Colorado. We were so thrilled to not only leave the flat land, but to share a unanimous agreement on something. We must have hundreds of photos of mountains in our vacation album, through the reflections of our car windows, of course. It was incredible how small we felt next to those huge mountains as we drove under them.

Utah was an incredible state to drive through. Never before have I seen so many rocks, and they were huge! We stopped many times to get pictures at designated overlooks. By far it was my favorite part of the trip. The views

were simply breathtaking. The other great part about Utah is that we found speed signs up to 80 mph, and the gas stations seemed nearly a hundred miles apart in some places.

It was surreal when we finally reached Las Vegas. My mom had talked about taking a trip there for years, and we finally made it. Out of our hotel room window, we saw the sun setting over the Vegas strip. It looked like something out of "The Lion King" when Mufasa showed Simba the land in their kingdom. The line between the shaded area and the lit area was very prominent.

During the week, after my dad finished his work meetings, we traveled to the Hoover Dam and the Grand Canyon. The Hoover Dam

was bigger in person than I remembered seeing in photos. We took an elevator ride down to the bottom where the water goes through. The sound of the water in the pipes was so loud it seemed like any kind of break would cause catastrophic damage.

We were happy to have made it to the Grand Canyon, but it didn't seem as grand as we had envisioned. Not that it wasn't big, but after driving through Utah, it was less of a surprise to us.

While enduring the long car ride back home, we reflected on the trip together. We concluded this: A thirty-hour car ride will not break your family apart, but thirty-one hours might. If you see Batman, Elvis and G.I. Joe and want a picture with them, carry cash with you. Don't buy those

expensive "magnetic" bracelets on the strip that promise to make you stronger. They won't, and you'll waste \$60.

Do take the long way there, and drive instead of fly. Not only will you see gorgeous sights, but you'll also learn a lot more cool things about your family members than you thought you knew. Do take the chance to travel when you have one. There's nothing else like it in the world and you don't know when that opportunity will come again.

Finally, take in as much of the trip as you can, and start your own scrapbook of memories that you can look back on, where even the long, boring car ride with your family will be a time you keep close to you.

Taking state government into Kentucky classrooms

Starting this week, hundreds of state legislators from across the country will begin visiting classrooms to kick off the 16th annual "America's Legislators Back to School Program."

Sponsored by the National Conference of State Legislatures (NCSL), this event initially lasted just one day but now extends through much of the school year. While most students tour the state Capitol at least once, often during a field trip in elementary school, this program flips that by bringing state government to them.

Kentucky is one of the leading states participating in this program, and it has certainly helped increase civic awareness

Rick*Rand*
State Representative

among our youngest citizens. The need for this type of outreach nationally is clear, given the results of an NCSL survey several years ago that found only one-third of Americans could name all three branches of government. Another third could not name any.

September is an ideal time for this program to begin because Sept. 17th is the 227th anni-

versary of the U.S. Constitution.

While that document still guides the United States today, it is a different story for Kentucky, which has operated under four constitutions since its founding in 1792. Although the first one was relatively short, the current one – adopted in 1891 – is four times as long and took months to write.

Another area where our state constitution differs significantly from its federal counterpart is the number of amendments that have been added. The U.S. Constitution now has 27, including the original 10 Bill of Rights, but Kentucky's has a little more than 40. The most recent addition came in 2012, when voters extended

constitutional protections to hunting and fishing rights.

In modern times, there have been several efforts to re-write Kentucky's constitution. Voters soundly rejected major revisions in the late 1960s, however, and other attempts in the 1970s were also unsuccessful.

Voting, of course, is one of the most important rights enshrined in our federal and state constitutions.

With the Nov. 4 election now less than two months away, time is drawing short for those haven't registered but would like to. The deadline is Monday, Oct. 6, and the forms must be completed through your county clerk's office.

That same deadline exists for those in the

military stationed outside of United States or other Kentuckians who are also overseas. They can now take advantage of a 2013 law that makes it easier to register or update their voting information electronically. For more details, visit the State Board of Elections' website at www.elect.ky.gov.

Recently, the Secretary of State's office called for more citizens to become precinct election officers.

We need about 15,000 – four for each precinct – to staff the polls on election day. There are some restrictions, such as not being closely related to anyone on the ballot and being at least 18.

Our county clerk and each political party's local executive

committee have more information for those interested.

The "America's Legislators Back to School Program" is an important facet of these efforts to de-mystify government and make it more accountable and accessible.

If you are a teacher or school official who would like to take part, I would be glad to work out a schedule to visit your classroom between now and the end of the year.

You can reach me in several ways. My legislative address is Room 366B, Capitol Annex, 702 Capitol Avenue, Frankfort KY 40601, and my email is Rick.Rand@lrc.ky.gov.

You can also leave a message by calling 800-372-7181.

Letter to the Editor

Deputy's salary questioned

I would like to let the people of Henry County know about a recent change that has been made at the Henry County Sheriff's office.

It appears that Sheriff Danny Cravens has changed his son's hourly pay scale as a part-time deputy sheriff from \$12.98 per hour to \$25.331 per hour. No other employee at the Henry County Sheriff's office received a pay increase when Deputy Cravens was changed.

On Sheriff Danny Cravens website he states that anyone can

make campaign promises, but he offers "Proven Leadership." Raising the salary of a part time employee who just happens to be Sheriff Cravens' son with the least amount of experience in the entire department by \$12.33 per hour does not show "Proven Leadership."

It appears Sheriff Cravens' Proven Leadership does not apply to any of the other employees of the Henry County Sheriff's office or to the people of Henry County.

— *Danny Stivers, Candidate for Henry County Sheriff*

Editor's Note:

According to Sheriff Danny Cravens, Deputy Sheriff Matthew Cravens' rate of pay was initially set at \$25.31 per hour upon his graduation from the police academy, but it has since been re-set to \$15.01 per hour.

This will be the standard rate of pay for all part-time sheriff deputies who complete the academy and are scheduled to work no more than 99 hours per month. This hourly rate is without benefits.

CORRECTION

Jason Scriber, Henry County property valuation administrator, sent a response to the letter to the editor by Ricky Doyle titled, "Doyle shares his campaign platform."

The expected 2014 tax revenues for the Henry County Health Department were stated to be \$263,265. That is an incorrect statement.

The expected 2014 real property tax revenue for the Henry County Health Department is \$292,662.61, which is a 1.16 percent revenue increase over the expected 2013 tax revenue of \$289,317.01.

The 2014 total assessment for the Henry County Health Department is \$731,656,446, which represents an increase of \$8,363,919 or 1.16 percent, from the 2013 total assessment.

This information comes from the Henry County Clerk's Tax Billing Summary for the 2013 and 2014 property tax bills.

Sounds of bagpipes will fill the air in Eminence Saturday during the Celtic Festival and Highland Games.

Renaissance Fair hosts Celtic Festival & Highland Games

BY HEATHER HAGEDORN
news@hclocal.com

The 2014 Central Kentucky Celtic Festival and Highland Games will be in Eminence this Saturday, Sept. 20 from 10 a.m. to 7 p.m., featuring a pipe and drum competition, live entertainment, dancing, an archery tournament, artisans and merchants, food and drinks.

General Manager Ed Frederick encourages everyone to come out. "Everybody's gotta hurry to get things done in their busy schedules. We're in everyone's backyard," said Frederick.

"Carrollton once had Kentucky Scottish weekend, and they don't anymore, so this is the only one in the area people can attend."

This year will feature an exciting new addition. "We're actually running an indoor and outdoor stage," said Frederick, allowing for more entertainment. "Good Celtic traditional music, as well as newer Celtic rock music will be played."

The festival got started just one year before the Henry County Fair, and has grown immensely since. "We're going into our

ninth season for the ren faire," said Frederick. "We started it at our farm in Midway before the fair opened. When we got to our new location we were in year two."

The Celtic Festival went from one band in Frederick's front yard to the event that goes on now.

Tickets are \$7 to \$10 and children ten and under are free.

"If you like Irish and Scottish dancing and all the things that come along with the descent, this festival is for you," said Frederick.

For more information, visit www.kyrenfaire.com.

TAXES

FROM PAGE A1

property, Stephens said. Assuming successful collection of 95 percent of the revenue, that would total \$342,000.

"It'll be \$8 more for a homeowner that owns

a \$100,000 house," the mayor said.

The increase last year amounted to \$7 on a \$100,000 home, council member Tom Shroyer noted.

"It sounds fair," said council member Leo Mason. "It's just a dollar more from last year."

After a consensus in

proposing 31.7 cents as the new rate, City Attorney Bill Brammell read the proposed ordinance for the first time.

Finally, the city council set a special meeting for the second reading of the ordinance for Sept. 24 at 6:15 p.m. A public hearing on the proposed rate will be held at that time.

Scramble honors Davis

A golf scramble in honor of Greg Davis will raise money for several causes, including underprivileged children, Future Farmers of America and Kentucky Fish and Wildlife, according to organizers.

The event to be held at Henry County Country Club Oct. 9 honors 16-year-old Greg Davis, who died in an ATV accident. Davis loved helping others, and the organizers are going to continue that legacy.

Participants are encouraged to register by Sept. 29. The cost is \$75 and includes 18 holes of golf, cart, lunch and a chance to win prizes. Check-in is at 7 a.m. and tee-off is at 8 a.m.

A corporate sponsorship is \$200. Mail donations to the Greg Davis Fund is 984 Wilson Road, Pleasureville, Ky. 40057. The phone number is (502) 639-8439.

The Facebook page is [facebook.com/gregdavisscramble](https://www.facebook.com/gregdavisscramble).

WARRANT

FROM PAGE A1

or illegal drugs, have no positive drug screens and not to possess domestic pets.

Grant missed a drug test in July, tested positive for methamphetamine in August and was ordered to take treatment and missed a September test, the judge said. A warrant has been issued for Grant's arrest.

In a related matter, Clubb told the court that officials had received a letter from Grant's employer, saying that the man had not worked there since February. Having employment contributed to Grant's getting a reduced bond, the

prosecutor added.

The letter from Roofing Sheet Metal Systems of Louisville stated that Grant had last received a paycheck Feb. 7.

For his part, Crawford had submitted a written motion to the court to be allowed to withdraw from Grant's case, because he and the defendant had reached "irreconcilable differences."

Conrad approved Crawford's motion.

Conrad added a 30-day sanction to the bench warrant for Grant, meaning once arrested he will serve 30 days in jail for the violations during his release.

Grant had not been served with the warrant as of Friday, according to court officials.

COURTS

FROM PAGE A1

expense of increasing filing fees and that while not perfect, the system is a step up from the current archaic paper system.

Circuit court clerks for all three counties echoed that idea.

"It's a huge step," Rick Rash, Oldham's clerk, said. "Being digital

is huge."

Stacy Bruner, Trimble's clerk, said the circuit's role as a trailblazer was an honor, something Henry's clerk, Gina Lyle, said put the circuit "on the frontier."

"I'm so thrilled to have new technology come into our counties and be one of the first ones," Bruner said.

Once the civil side of the e-filing system is running smoothly, the

state will roll out the system for criminal filings, Crosby said. For the time being, the system will only be to file, or upload, into the case management system.

But state judicial officials will eventually want to put the entire management system online, allowing the general public access to the documents digitally they currently access with paper copies, Keller said.

"Eventually, you'll be able to see what you need on a screen on the bench," she said.

Keller said the state hopes to be all-digital, with filings and access to those filings digitally, by sometime in 2017.

"No offense to my friends in Alabama, but I told them," Keller said. "If Alabama can do it, Kentucky can do it."

EIS TAXES

FROM PAGE A1

greater expenses to the residents. Individual households when facing higher expenses, higher assessments and higher taxes will cut their expenses, because they have no one else to pass those costs to, unlike business and government, she said.

"So, I want to say that I think there comes a time when we have to be realistic, we have to live within our budget and our wish lists can't be accomplished overnight," she said.

"How much money does it take to educate approximately 800 students when about 215

of those students came from other districts?" she asked. "If we need to build space for an additional 300 students, would that be necessary if we didn't have so many students transferring in?"

As senior citizens, Creech noted that the increase in Social Security this year was only 1.5 percent and banks give returns of less than 1 percent on savings.

After raising taxes last year and the proposed increase in 2014, Creech feared there might be yet another from the schools in 2015.

"We just cannot afford additional increases in our school taxes like this every year," she said, asking the school board not to approve the proposed tax rate. "When you're

retired, you only have so much money, so I say to you, I think you ask too much of us."

Leon Creech noted that there's not much growth in new subdivisions and none in industry to enhance the tax base.

He wondered if Eminence schools were getting taxes from 22-inch crude oil pipeline that pumps 460,000 barrels a day through the district. "I mean I'm being taxed and they're going through for free, so to speak," he said.

A third person, a woman who didn't give her name, said she didn't like the idea of the schools raising taxes every year either.

Superintendent Buddy Berry answered that

there's few school districts in the region that have a lower tax rate than Eminence — rates in most neighboring divisions are comparable.

Though the school system has undertaken many initiatives, those operate under the schools' "current means."

When it comes to students from out of the district choosing to go to school in Eminence, it's almost a wash with those from the city who decide to go somewhere else, the superintendent said.

And when students from outside the district go to Eminence for their education, the city schools get the state funding that goes along with them, Berry said.

"If the 214 students

that were out of district didn't go to Eminence that would be another \$1 million in funding that we would not have," he explained. "So, if you say the average teacher makes \$40,000, we would have to let go 25 staff, and we only have 50. So, we couldn't even stay open for the current Eminence residents, if it wasn't for the out-of-district students."

In terms of the money for the schools' operating budget and the building fund, those two pools of funding have to be kept separate, he said. You can't use building funds to cover operating costs or the other way around.

In regards to the oil pipeline, Berry said he would have to check on that.

When Board Chairwoman Brenda Chism asked for a motion to set the rate at 76.8 cents, Tony Adams made the motion, Ben Coomes seconded it. The motion was approved.

After the vote, Chism said school officials recently re-examined the budget over several days to see if a rate increase could be avoided. They came to the conclusion that with the state-mandated salary increase of 1 percent this year, the school officials couldn't see another way. She hoped to avoid another increase next year, if possible.

"This board doesn't enjoy doing this," Chism said.

Newest bank branch celebrates opening

SUBMITTED PHOTO

United Citizens Bank and Trust, which has been in business locally for 140 years, held an open house and ribbon cutting Aug. 20 to celebrate its new location in Eminence. Cutting the ribbon at the event are (from left) loan officer Zac Banta, branch manager Sandy Phillips, teller Linda Riley, head teller Tabitha O'Nan, teller Terry Lucas, teller Joyce Hall and Cassie Emily.

Fall events throughout county offer much variety

Events are still in full swing around our area.

Saturday, Sept. 20 is one of my personal favorites when the bagpipers come to the Renaissance Fairgrounds. The 2014 Central Kentucky Celtic Festival and Highland Games is a fun time for all ages.

Pipe and Drum Competition, entertainment by Drunk and Sailor, Liam's Fancy, Roger Drawdry and the Firestarters, and Tuatha Dea, Irish dancing, merchants and artisans, a traditional archery tournament (open to the public), dancing, food, drink and more make up a fabulous day of family fun.

Admission is \$10 and children ten and under are free. Running from 10 a.m. to 7 p.m., it is truly a family fun day. For more information check www.kyhighlandgames.com.

Beginning Oct. 3 thru Nov. 2 (Friday, Saturday, and Sunday

PAT*wallace*
Henry County Chamber of Commerce

only). The Kentucky Renaissance Faire will also present their first Corn Maze and Pumpkin Patch.

A special maze spelling out Kentucky in a knight's shield has been cut into the corn and children and adults will both enjoy the search for the way out.

Admission for the maze and pumpkin patch is \$8 for adults, \$5 for children and those ages five and under are free. This includes a hayride, the maze, pumpkin from the pumpkin patch, and a fire pit will be available to make your own s'mores (\$1). This can become a family tradition.

It is not too late to check out the dinners

and concerts at Smith-Berry Winery. Sept. 27 is Nervous Melvin and the Mistakes, Oct. 11 the Rigbys will return, and Don Edlin and Jamie Tingle finish the season on Oct. 31.

Call for reservations at 845-7091. Adult tickets include dinner, wine tasting and concert. The winery welcomes parties, family reunions, and class reunions as well as weddings.

Save these dates

The annual presentation of Henry County Arts will be Nov. 30 at the Eminence Christian Church at 2 p.m. Artists who will perform will be named later, but if you have attended in the past, you know Martha Tarry Simpson will have a wonderful lineup of Henry County talent.

The Dickens Christmas Festival will be Dec. 6 and 7 as well as Dec. 13 and 14 from noon until 6 p.m. Admission is \$5 per person, and

entertainment includes scenes from Dickens' "A Christmas Carol" throughout the day, caroling and Christmas plate dinners are available for purchase. If you are looking for an unique gift, vendors will be on site selling their wares.

The Chamber will have a networking dinner on Oct. 2 at the new community center in Campbellsburg.

If you have not yet visited this new addition in Campbellsburg, attending this dinner will allow you to enjoy all of the hard work that has gone into

making a nice place for the entire county.

Our speakers will be any county candidates who wish to share information on their views about Henry County.

A catered meal will be \$20, and we always have a great time seeing old friends and meeting new ones.

Reservations are required by calling 845-0806 or 641-1512, and chamber dinners are always open to all who might want to attend. Our dinner is sponsored by CVS and the Kentucky Renaissance Faire.

Welcome

Welcome to new members since our last column.

Froggy 101.7 FM has joined us as well as Buddy's Place (formerly Starvin' Marvin's).

Check out the great music and coverage of local events on Froggy and enjoy a good breakfast or lunch at Buddy's Place, 18 W. Cross Main, New Castle. They are open on Friday evenings for a good fish dinner as well. Carry-outs are available by calling 845-0909.

NEWSbriefs

Road work announced

Officials with the Kentucky Transportation Cabinet recently announced several road projects in Henry County that are expected to cause motorists delays.

The roadwork announced for the week of Sept. 15 includes:

- Southbound Interstate 71: Lane closures and delays possible between the Trimble/Henry County line and the Little Kentucky River (mile points 38.0 to 28.1) due to bridge construction and paving. There is a 13-foot width restriction through this work zone.
- US 421: Lane

closures and delays possible between Interstate 71 and the Henry/Trimble County line (mile points 24.1 to 24.9) due to roadway resurfacing.

- KY 157 (Sulphur Road): Lane closures and delays possible the CSX railroad crossing to Scobie Lane/Beasley Lane (mile points 2.4 to 7.2) due to roadway resurfacing.
- KY 389: Lane closures and delays possible between KY 561 and the bridge over Woodcock's Branch (mile point 0 to 2.1) due to roadway resurfacing.
- KY 3175: Lane closures and delays possible between KY 157 and the Henry/Trimble County line (mile point 0.0 to 0.1) due to

roadway resurfacing.

Safety checkpoints scheduled

The Kentucky State Police will be conducting traffic safety checkpoints in the counties of Oldham, Trimble, Henry, Owen, Carroll and Gallatin during the period of Sept. 22 to Oct. 6.

The intent of a traffic safety checkpoint is to provide for high visibility public safety service, focusing on vehicular equipment deficiencies, confirming appropriate registration of vehicles and the licensing of drivers.

Violations of law or other public safety issues that arise shall be addressed in accordance with Kentucky traffic and regulatory laws.

ADAM H. EDELEN AUDITOR OF PUBLIC ACCOUNTS

The Honorable John Logan Brent, Henry County Judge/Executive
The Honorable Juanita Lashley, Henry County Clerk
Members of the Henry County Fiscal Court

Independent Auditor's Report

Report on the Financial Statement

We have audited the accompanying statement of revenues, expenditures, and excess fees - regulatory basis of the County Clerk of Henry County, Kentucky, for the year ended December 31, 2013, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting practices prescribed or permitted by the laws of Kentucky to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the County Clerk on the basis of the accounting practices prescribed or permitted by the laws of Kentucky to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County Clerk, as of December 31, 2013, or changes in financial position or cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues, expenditures, and excess fees of the County Clerk for the year ended December 31, 2013, in accordance with the basis of accounting practices prescribed or permitted by the Commonwealth of Kentucky as described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 13, 2014 on our consideration of the Henry County Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Henry County Clerk's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control over financial reporting and compliance.

Respectfully Submitted,

Adam H. Edelen
Adam H. Edelen
Auditor of Public Accounts

June 13, 2014

State law requires the Auditor of Public Accounts to annually audit fiscal courts, county clerks, and sheriffs; and print the results in a newspaper having general circulation in the county. The complete audit and any other audit of state agencies, fiscal courts, county clerks, sheriffs, and property valuation administrators may be viewed in the reports section of the Auditor of Public Accounts' website at www.auditor.ky.gov or upon request by calling 1-800-247-9126.

Cattlemen's Field Day will feature Old Homestead Farm

Henry County and surrounding cattle producers are reminded of the upcoming Regional Cattleman's Field Day, Wednesday, Oct. 1, beginning with registration from 4 to 4:30 p.m., at the Henry County Extension Office.

You'll be able to walk through our trade show area behind the Extension Pavilion and then board wagons for our farm tour around adjacent Old Homestead Farm. Presentations will include: Extending the Grazing Season; Herd Health; Efficient Winter Feeding for the Cow Herd; Testing,

UK COOPERATIVE EXTENSION SERVICE

University of Kentucky – College of Agriculture

Extension Notes

Agriculture and Natural Resources

Steve Moore
Henry County Extension Office

Storing, and Feeding Hay and Marketing our Calves.

After the farm tours and presentations, we'll be gathering back at the Extension Pavilion for a sponsored beef supper, where we'll hear from UK College of Agriculture Administration and the KCA Executive Director.

Please contact us at 845-2811 by Monday,

Sept. 29, to register.

Fall landscape care

So often we hear that fall or winter is a particularly good time to do certain things in the landscape. This is usually due to the fact that plants have entered into winter dormancy.

Going dormant is the way these plants survive the cold of winter. It is impor-

tant that landscape maintenance activities not interfere with the plant's natural process of becoming dormant.

Fall is considered a poor time to prune most woody perennials. Pruning in the fall may trigger new growth that delays dormancy and predisposes the plant to winter injury.

It is better to prune plants in late winter, around mid-February to mid-March. This also allows you to evaluate and remove winter-damaged limbs.

This would be the most rapid time for the plant to heal wounds (in our case the

pruned surface), while fall would be the slowest time for wound healing.

What about fertilization of woody plants? Fall and winter are considered the best times to apply fertilizer, but you should only do this once woody plants are fully dormant.

Otherwise, applying fertilizer might trigger new growth and predispose the plant to winter injury.

How can you tell if a plant is dormant? If leaves are falling, the plant has probably entered dormancy sufficiently to allow fertilization.

To be doubly safe, this probably means mid-November or later. It's best to get the fertilizer down before the soil has frozen so it won't remain on the soil surface and won't be subject to runoff with any additional precipitation.

For more information on fall landscape care or other gardening topics, contact the Henry County Cooperative Extension Service at 845-2811.

Educational programs of the Cooperative Extension Service serve all people regardless of race, color, sex, religion, disability or national origin.

Extension celebrates 100 years of physical activity

For the past 100 years, University of Kentucky Cooperative Extension Service agents have helped families make beneficial lifestyle choices through their educational programs.

In the early years of Extension, the average person's days were filled with activities that kept the body moving. Farming and working in and around the home was a large part of many peoples' lives. The physical demands of those jobs certainly helped people stay physically fit.

Today, Kentucky is often known for higher obesity rates and obesity-related chronic diseases, such as heart disease and

UK COOPERATIVE EXTENSION SERVICE

University of Kentucky – College of Agriculture

Extension Notes

Family and Consumer Sciences

Maryellen Garrison
Henry County Extension Office

diabetes. The Centers for Disease Control and Prevention estimates that more than one-third of the state's adults are obese.

Extension agents are working with communities, individuals and families to improve these statistics. In 2013, over 135,000 Kentuckians received information from Extension on the importance of physical activity.

One such program

activity is our Living Well program, which is designed for improving the quality of life of seniors. We cover balance, coordination, fall reduction and chronic disease with an emphasis on Living Well. Classes are from 10:30 to 11:30 a.m. at the Henry County Extension Office.

During a five-year period in Henry County there were 104 seniors over the age of 65 who were injured in a fall; five

of those died and 61 were admitted to skilled nursing for restorative care. The associated cost of falls is predicted to be about \$54 billion nationwide by 2020, so if we could prevent a fraction of these it would be a very large dollar amount. Living Well is designed to reduce these statistics. The group has about 30 participants who meet about 50 times over the year. Living Well gives our participants a leg up on fall prevention and fall recovery regardless of age, ability, or condition. According to research falls account for 87 percent of all fractures among people aged 65 years or

older. Over one-third require hospitalization and/or extended health care to address activities of daily living that can last months or more.

Comments from participants include:

• "Living Well has increased my flexibility and energy. If I miss a session due to surgery or illness, I really miss it. I enjoy it for the socialization as well."

• "A friend talked me into trying Living Well, I really liked it and haven't missed a session yet. It has helped me have easier movement in my joints and walking is easier now and more fun when you have someone to do it with. I look forward to com-

ing every day."

• "Thank you so much for this program. I am enjoying it very much, I feel better emotionally and physically. This activity keeps me cognitive of my bodily and spiritual needs. I hope to continue as long as I can."

Cost for the year is just \$6. Stop by and see if Living Well is for you. Our next 10-week session starts Oct. 20 at the Extension Office, call 845-2811 for more information. Will you join us?

Educational programs of the Kentucky Cooperative Extension serve all people regardless of race, color, age, sex, religion, disability or national origin.

Ribbon Winner

SUBMITTED PHOTO

Devin Shaw, of Bethelhem, showed Purebred Berkshire pigs at the state fair. His breeding gilt named Harriet won 1st place in her class and also Best in Class. He also won 1st place and Best in Kentucky in the open breeding gilt show. He is planning to sell purebred Berkshire show pigs this coming spring. Devin is a freshman at HCHS and a member of the 4-H club in Shelby County.

INDEPENDENT AUDITOR'S REPORT
Raisor, Zapp & Woods, PSC
Certified Public Accountants
513 Highland Ave.
P.O. Box 354
Carrollton, KY 41008
502-732-6655 Fax 502-732-6161
The Honorable Dennis Benham, Mayor
and the Members of the City Commission
of the City of New Castle
New Castle, KY 40050
Report on the Financial Statements
We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of New Castle, Kentucky, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions
In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of New Castle, Kentucky, as of June 30, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters
Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 40 and 41 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information
Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of New Castle, Kentucky's basic financial statements. The combining and budget and actual financial statements of the proprietary fund types listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The comparative combining and budget and actual financial statements of the proprietary fund types listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the comparative combining and budget and actual financial statements of the proprietary fund types listed in the table of contents are fairly stated in all material respects in relation to the basic financial statements as a whole.

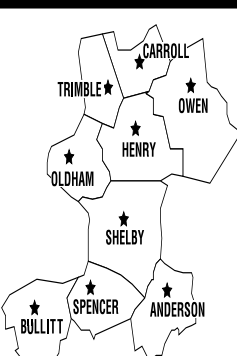

Other Reporting Required by Government Auditing Standards
In accordance with Government Auditing Standards, we have also issued our report dated August 28, 2014, on our consideration of the City of New Castle, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City of New Castle, Kentucky's internal control over financial reporting and compliance.

ABSOLUTE AUCTION
SATURDAY SEPTEMBER 27, 2014 11:00 A.M.
ROBERT L. BURKE ESTATE
467 ACRES MORE OR LESS IN THREE FARMS
OWEN COUNTY, KENTUCKY
LOCATION: Auction to be held on Loop No. 4 just off of U.S 127 (4445 US 127 South) in Owen County near Monterey south of Owenton. Signs and arrows posted. (All three farms will sell from this location.)
FARM NO. 1: LOOP NO. 4 OF OLD US 127. 145 acres more or less located on Loop No. 4. This farm is improved with a two story frame home and barn. The land on this tract consists of some cleared ridge land, some bottom on the rear and woods. This is a good agricultural, cattle, or recreational piece of real estate.
FARM NO. 2: BURKES LANE JUST OFF US 127: Approximately 173 acres with good frontage on Burkes Lane. This parcel is a combination of rolling land, some cleared ridges and wooded acreage. This farm has two barns and has been used for hay, crops, and pasture and offers outstanding recreational opportunities.
FARM NO. 3: SEVERN CREEK ROAD: This tract is 149 acres more or less on Severn Creek. This farm has agricultural improvements, some bottom cropland, and woods. This tract also joins Farm No. 2 above.
AUCTIONEERS NOTE: This is a great opportunity to purchase Owen County land at auction. Again, all three farms will sell at the Loop No. 4 location and will sell individually with no grouping.
PUBLIC INSPECTION:
SUNDAY SEPTEMBER 21, 2 TO 4 P.M.
TERMS: Ten percent deposit day of the auction with balance due on or before October 27, 2014. 2014 property taxes to be pro-rated as of date of deed. Possession with deed.

5000 SQ. FT. HOME ON 32 ACRES
SUNDAY SEPTEMBER 28TH 1:30 PM
LOUISVILLE, KY
LOCATION: 14700 Potter Road, Louisville, KY 40299, Take Gene Snyder to Billtown Rd, left on Seatonsville, right on Dawson Hill to property.
REAL ESTATE: 5000 sq. ft. beautiful estate home on 32 acres only a few miles from Gene Snyder Freeway. This home has it all, 4 large bedrooms, 3 full baths, with the master suite on the first floor that boasts a large master bath with whirlpool tub and walk in shower. Large open floor plan with oversized kitchen looking out to dining area and living room. The living room is something most dream of with a stone fireplace and large windows that look out to a pond, gazebo, and park like scene. The basement is a walk out and finished with a large recreation room for entertaining. This property is rare in Jefferson County due to its privacy. The driveway is approx. a half mile long leading to the home and the owners have already done all the expense and work to get city water and electric back to this private, scenic home. If you have wanted land and a extremely nice home in great location, this is your opportunity.
PUBLIC INSPECTIONS: Thursday Sept. 18th 4-6pm, Sunday Sept. 21st 2-4pm
AUCTIONEERS NOTE: Owners are downsizing and have purchased property to move to, so have commissioned the H. Barry Smith Co. to offer this property at public auction.

Lady Cats down Gallatin for third win

BY GREG WOODS
sports@hclocal.com

The Henry County Lady Cat volleyball team ended a busy week on a positive note Thursday night after two tough losses when they traveled to Warsaw and defeated the Gallatin County Lady Wildcats 3-1.

The Lady Cats got off to a good start by winning game one 25-15.

“We played really well in the first game,” Coach Katie Ruff said. “Megan Payton killed everything close to the net.”

Gallatin County came back to take the second game 20-25.

“In the second game, we lost focus a little bit,” Ruff said. “But I was proud of them for staying positive. We never got down on ourselves.”

The Lady Cats turned it up a notch in the third game, according to Ruff. The Lady Cats dominated with a 25-13 win.

“In the third game something clicked,” she said. “Everybody was doing everything right. It was fun to watch.”

The fourth game was close throughout as the teams traded the lead back and fourth.

“At 20-20 we got the serve back but couldn’t

keep it,” Ruff said. “But we won it right back to make 21-21 and from there we served out the match.”

Ruff saw good things from several players.

“Victoria Marcum had a couple of good hits, and Paige DeBurger had some nice hits and passes,” Ruff said. “Kelsey McGuire had some good passes in the back line too.”

But Ruff saved the most praise for Molly Williamson and Payton.

“Molly’s passes were on fire in this match,” she said. “She played well and communicated well all night. And like I said, Megan got kills on anything close to the net. Megan and Molly really owned that match.”

The most important thing for Ruff was the team’s attitude.

“The team stayed positive all night and played as a team,” she said.

Carroll Co. 3 HCHS 1

On Sept. 9, the Lady Cats had a tough night after getting off to a strong start. They won game one 25-22 then dropped three straight games to fall to the Carroll County Lady Panthers.

Game one started with the Lady Cats reeling off the first seven points on Williamson’s serve. Carroll County slowly worked their way back into the match until they had narrowed the margin to 18-16. A tip by Payton broke the lady Panther’s momentum and the Lady Cats held on to post the three-point win.

Game two was close all the way with Carroll County maintaining a narrow margin most of the way.

An ace by the Lady Cats made it 22-23 but the Lady Panthers got a tip at the net to go up 24-22 and the Lady Cats committed a hitting error on game point to fall 25-22.

Game three was also close in the end but the Lady Cats started in a huge hole at 15-4 before the Lady Cats stormed back to within three points at 23-20. But Carroll County held on to win 25-21.

Game four was all Carroll County as the Lady Cats made numerous errors and the Lady Panthers added good serving and hitting to run away to a 25-9 victory to close out the match.

Ruff could not conceal her disappointment in the team’s performance down the stretch.

“We didn’t stay focused,” Ruff said. “We are not consistent. When we were are good, we are really good and we are bad, we are really bad. It’s very extreme with this team.”

“That was the most disappointing match of the year for me,” she continued. “Nobody took accountability for what they did wrong. Everybody wanted to blame somebody else.”

Williamstown 2 HCHS 1

Inconsistency also plagued the Lady Cats on Sept. 8 against the Williamstown Lady Demons who won the match 25-14, 17-25, 25-20.

The Lady Cats fell behind 3-0 early in game one but came back to take a 6-4 lead. From there it was all Lady Demons as they pulled away for a comfortable win.

The Lady Cats rebounded in game two, going 4-0 on a kill by Payton.

The Lady Cats eventually built the lead to 18-10 before

Williamstown put on a small rally to close within six at 20-14.

A kill by Payton made it 21-14 and the Lady Cats cruised home to an eight-point win.

In the deciding game the teams battled back and forth for most of the game.

At 15-15 the Lady Demons went on a 6-1 run to go up 21-16 and

the Lady Cats could not recover. They closed the gap to 22-20 before Williamstown went on a 3-0 run to close out the game and the match.

“What really hurt us in this match is that we did not play to our level, but to our opponent’s level,” Ruff said. “We never played to win. We just played not to lose and we lost.”

GREG WOODS/LOCAL

Ashlyn Hanner goes up for the kill shot against Carroll County in the Lady Cats’ 3-1 loss on Sept. 9. HCHS is 3-1 in district play.

Peyton shoots 34 on Senior Night

BY GREG WOODS
sports@hclocal.com

The Henry County Lady Cats held senior night for MacKenzie Peyton in a match with Shelby County on Sept. 10 and Peyton celebrated in style by shooting a two-under 34 on her home course.

Peyton got off to a rocky start with a bogey on the first hole and then birdied three of the final eight holes in very windy conditions.

Shelby County won the team competition with a score of 170 to Henry County’s 192. Madison Thomas was low scorer for the Lady Rockets with a 41.

Maddie Hensley shot 44 for the Lady Cats while Nikki Perkinson shot 52 and Bayleigh Boyer had a 62 to round out the team scoring.

Carleigh Peyton shot 66 and Savannah Smith shot 68 but did not figure

in the team scoring.

“We celebrated senior night for our senior, MacKenzie Peyton,” Coach William Peyton said. “It was an emotional night for everyone involved and we had a large crowd following the lead group. Some that have not seen Kenzie play got to see just how good she can be. We are sure going to miss her.”

Collins 185 HCHS 210

On Sept. 8, the Lady Cats traveled to Shelbyville to take on Collins without Peyton. Hensley led the way for the Lady Cats with a 41 while Perkinson had a 48. Boyer shot 55 and Carleigh Peyton rounded out the scoring with a 66. Savannah Smith was the Cats fifth golfer and shot 68.

“The course has a lot of old trees and we seemed to be behind them all day,” Peyton said.

Sacred Heart Invitational

MacKenzie Peyton and Hensley traveled to Louisville’s Hurstbourne Country Club on Saturday to take part in the prestigious Bunny Daugherty Invitational hosted by Sacred Heart.

Peyton finished seventh with a 77 on the par 73 course to make the all-tournament team. Hensley shot 89.

Maddie Hamilton of Sacred Heart won the tournament with a 3-under score of 70.

“There were 90 players in the tournament, which is one of the oldest tournaments in the state,” Peyton said. “It is a very tough course with tight fairways and the greens were different from what we normally play.”

GREG WOODS/LOCAL

All-State golfer MacKenzie Peyton has one more home match left Wednesday vs. Owen and Trimble at 4:30.

Wildcats host tournament

BY GREG WOODS
sports@hclocal.com

The Henry County Wildcat golf team hosted Trimble County on Sept. 9 and defeated the Raiders 190-217.

Alex Hadden led the way with a 40 while Isaac Klempner was second with a 43. Jakob Beckley had a 53 and Dustin Love rounded out the team scoring with a 54.

“Alex and Isaac continue to play well,” Coach Steve Galyon said. “I’m sure Alex wants to shoot under par and he certainly has that capability. Isaac is bringing his average down and that’s good.”

Galyon is still looking for the right combination for the postseason.

“The next several matches are going to be crucial in determining who plays in the NCKC tournament and the region in two weeks,” Galyon said. “I can only take five and it’s a given that Alex and Isaac will be part of that group. As far as the other three places go, I have four players that all average about the same.”

“Practice will be important and I’m hoping every one of them understands that being there and working hard will help to improve their chances. It won’t be an easy choice but I’ll take the ones playing the best golf. Someone will be disappointed, I’m sure.”

Henry County Invitational

The Wildcats hosted a six-team tournament on Saturday at the Henry County Country Club. Owen County won the event with a team score of 325. Thomas Nelson was second with a score of 33 and Spencer County took third with a 360. Carroll County was fourth with a 365, followed by Gallatin County with a 394. Henry County shot a 404.

Individually, Hadden shot 78 to tie for third place and make the all-tournament team. Kyle Burton of Thomas Nelson won individual honors with a 75 and Justin Trusty of Owen County was runner-up with a 76.

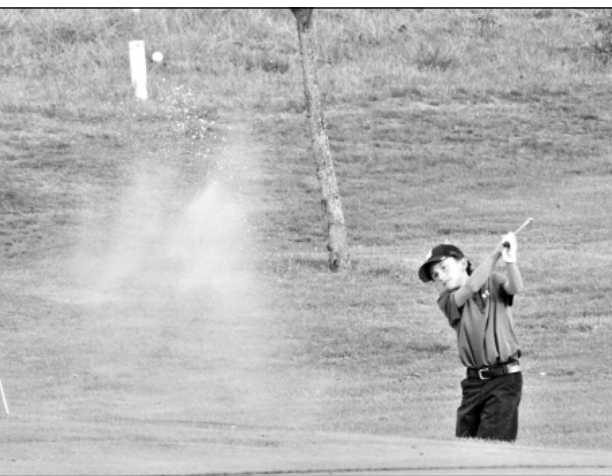

Klempner shot 94,

Dustin Love shot 108, Conor Lyons had a 124 and Connor Finley had a 128.

Cole Hamilton of Owen County and Justin Culver of Thomas Nelson rounded out the all-tournament team with a 78 and 79 respectively.

“Several of our players couldn’t make it for several reasons,” Coach Steve Galyon said. “We got a chance to play some others and gave them valuable experience. We will be shifting the lineup in the next week, getting others qualified for the region at the end of the month.”

“Owen and Carroll continue to be the teams to beat in our conference. NCKC should be close between the two of them with the rest of us following behind.”

Cross Country Cats improve at Rumble

BY GREG WOODS
sports@hclocal.com

The Henry County cross country team traveled to Goshen on Saturday to compete in North Oldham High School’s Rumble through the Jungle Invitational meet.

The temperature at meet time was much different than in their first meet at Shelby County last week where it was hot and very humid. The cooler, drier temperatures led to vastly improved performances for the Wildcats as every varsity boy and girl improved their time significantly.

Josh Logsdon led the way for the boys team with a time of 19:34.

Brandon Handley was

close behind with a personal record time of 19:42. Neither runner cracked the 21-minute mark last week.

Levi Shouse showed improvement in his second-ever race with a time of 21:26, a 1:17 better than last week.

The girls’ team showed even more improvement and the debut of Janey Thompson gave the Lady Cats a shot in the arm as she led the team with a time of 22:47. Sydney Amyx, Lilly Golden and Katherine Buckler all had much better times than at Shelby County. Golden improved by nearly three minutes to 24:43, Amyx by 2:12 to 23:59 and Buckler by 38 seconds to 25:10.

“We had a really good

weekend,” Coach Ricky Drawbaugh said. “Most of the kids took two minutes off their time from Shelby’s meet. Brandon and Levi had PR’s. I told Brandon and Josh to break 20 minutes so we could get that out of the way so we could work on other times and they did.”

Drawbaugh was also pleased with the girls.

“The girls ran really well also,” he said. “Janey Thompson was told to go with Sydney and Katherine since it was her first 5K. At the mile she was about 10 seconds ahead of those two girls and looked relaxed so I told her to keep pushing and she had a really good time for her first race.”

“I wanted Sydney and

Katherine to run under 24 minutes and Sydney didn’t think she could,” Drawbaugh continued. “I told them to make the race hurt and they all did. Katherine cut 38 seconds off her time and had a great race. Lilly had a big improvement this week also.”

Drawbaugh thinks a change in the training schedule will bring further decreases.

“We will start speed work this week and hope to see even bigger improvements in the weeks to come,” Drawbaugh said.

TWO

FROM PAGE A18

the half Airon Hardy scored on a follow shot after Sanders had a shot knocked away by the goalkeeper.

One minute later Jameson nearly got the third goal when his shot went just inches wide of the goal. At halftime Henry County led 2-0.

The Wildcats wasted no time putting the game away. Aneszko scored his second goal of the game just three minutes into the second half on a rebound shot. Again Sanders took the first shot only to have it saved before the ball rolled to Aneszko's feet.

Over the next 12 minutes the Wildcats took shot after shot only to have them repelled by the Gallatin goalie.

But in the 15th minute Aneszko scored again for the hat trick to make it 4-0. This one came from a header off a long throw-in by Jameson.

Jameson finally got his reward for good team play and constant pressure on the goal with a goal in the 20th minute. He took a throw in from Hardy and dribbled through the defense for a

score from close range to make it 5-0.

Jameson got the final goal of the game with 11 minutes to go. He took the ball deep in midfield and dribbled through the Gallatin defense to score from close range to set the final margin.

The Wildcats had several more chances but settled for the six-goal victory.

"The team played together," Coach Jameson said. "Everybody played unselfish. D.J. and Gavin could have scored more but they were trying to everybody involved."

Jameson had praise for his senior midfielder Jacob Buckley and defender Brennen Peniston.

"Jacob could score more himself but he is running the team," he said. "He literally runs the offense. He is very unselfish and would rather get the assist than score."

"Brennen ran all over the field," he continued. "Our goal was to be in better shape than anybody we play and Brennen is an example of that."

Jameson also noted that Buckley and Gavin Jameson have a special on-field partnership.

"Jacob and Gavin have

an uncanny connection," he said. "They always know where to put the ball for the other's run to get to it."

The win left Henry County 3-0 in the district with two games remaining against Carroll County and one against Owen. The Wildcats improved to 3-3 overall.

Grant Co. 1 HCHS 0

The Wildcats faced long odds traveling to Grant County without three players who had other commitments on Saturday, but aside for one defensive lapse late in the first half, the Wildcats again displayed toughness on defense.

The score came for Grant County when a forward took the ball at the top of the 18-yard box and dribbled past

the defense for a 10-yard shot into the corner of the goal.

"They would overload one side of the field and then cross it into the middle or to the opposite side of the field and leave their forward one-on-one with our last defender," he said. "Except for that one play, we handled it. They had one other shot off the cross bar."

"It did put pressure on our wings to come back and help defend. They got fatigued and couldn't join in our attack much."

Jameson had high praise for the Braves' stopper.

"He was the best player on the field," Jameson said. "He was big, quick and a good ball handler. He could have played on the offensive end and probably scored. He did

a good job on Gavin. They were very evenly matched.

"We had several opportunities to score," he continued. "We got several opportunities on free kicks just outside the 18-yard box but couldn't put them away."

Jameson said there was a play late in the game that could have changed the outcome.

"They had a player punch the ball down to his feet in the penalty box but it wasn't called," Jameson said. "It was very obvious but we didn't get the call."

Jameson

was pleased with those who filled in for missing players.

"Luke Yantz had to play out of position at fullback and did a good job," he said. "Devin McIntosh settled down and had a good game in defense and Quentin Wilson came in and gave us some solid minutes off the bench. I feel like if we had our full complement of players we would have won the game."

FROM PAGE 16

Owen Co. 3 EHS 2

The Warriors lost a heartbreaker to the Rebels of Owen County at home on Sept. 10.

Owen County came out of the gates fast and took the first game 25-15.

"We came out slow and allowed Owen County to take a significant lead," Bullock said. "About halfway through

the game we seemed to wake up and start fighting our way back. The first game didn't end in our favor but we definitely had momentum going into the second game."

The Warriors rode that momentum to six straight points to open the game. From there they cruised to an easy 25-12 win.

"Roxanne started out serving and we scored six straight that definitely put Owen back on their heels," Bullock said.

"Roxanne was a stand out in this match. She made plays and got to balls that she hasn't made all year long."

Owen County regained their poise in game three and came out on top 25-22.

"It seemed we relaxed a little and allowed Owen to pull ahead again and we were just unable get back ahead in the third game," Bullock said.

The Warriors regained the momentum in the fourth set and came away with a 25-16 win to force a deciding fifth game.

"The ladies showed a lot of heart and hustle throughout the night," Bullock said. "We swapped games with them all night and I had a really good feeling going into the final game."

"However, we lost our serve and Owen scored five straight points to start the game," she continued. "The ladies regrouped and managed a comeback but we came up a little short."

The Lady Rebels prevailed in the deciding game by a score of 15-12, but Bullock was upbeat despite the tough loss.

"We saw significant improvement this week against Gallatin and Owen," she said. "At Gallatin the team played together and played hard. We were executing well and kept the momentum in our favor. I was really proud of the way we played. The same can be said for the Owen game, it just didn't go in our favor."

Spencer Co. 2 EHS 0

Thursday night the Warriors were back in action hosting the Spencer County Lady Bears. Spencer County jumped on top in the first game and never looked back, winning 25-14, 25-19.

Spencer County scored the first three points of the opening game and the Warriors were playing catch-up the rest of the game. The Warriors closed it to 3-2 but Spencer quickly built the lead out to nine points at 13-4 after numerous errors by the Warriors. The Lady Bears cruised the rest of the way for an 11-point win.

Game two was close in the early going as the teams traded the lead back and forth. Emily Coomes got a kill to make it 10-10 but the Lady Bears then reeled off four straight points to take a 14-10 lead. The Lady Bears maintained a four to five point lead until late in the match when EHS closed to within three points at 22-19. A kill by Spencer County stopped the Warriors' momentum and the Lady Bears served out the game for a 25-19 win.

"It's safe to say that we didn't play to our potential in this match," Bullock said. "The girls had very little energy on the court. I believe they were a little tired as we played a lot of volleyball this week. We were coming off a hard loss to Owen County that went to five games and the girls had played with

most heart and determination that they had all year and we didn't get the outcome that we had hoped for.

"I was hoping the girls would come out more determined and hungry for the win but instead, we seemed tired and unfocused."

Walton 2 EHS 0

The Warriors were back in action on Saturday in the 8th Region All A Classic at Trimble County. The Warriors got a tough draw and faced a big Walton team with two hitters over six feet tall.

The Warriors played nearly error-free in the first game and Walton made numerous passing and hitting errors but in the end the Bearcats' tall middle hitter was too much as she had enough kill shots and blocks to keep Walton in the game.

After falling behind 7-2, the Warriors came back to tie the score at 12-12. The Warriors went up 15-14 on a tip by Coomes and then Walton had two consecutive passing errors to give the Warriors a 17-14 lead.

Walton climbed back even with strong net play, getting a block and a kill by their middle hitter before serving into the net to put the Warriors back on top 18-17. The Warriors stretched the lead back out to three points at 20-17. A Walton kill shot stopped the Warriors' momentum once again. After an error by the Warriors, Walton got a

block at the net to make it 20-20. Walton got the next point to go up 21-20 but Coomes got a kill to make it 21-21 and then a Walton error made it 22-21.

Walton got another block to tie the score before Destany Crawford got a tip to give the Warriors their last lead.

Walton finished off the game with a kill, a tip and an EHS error to win 25-23.

It was the closest anyone would get to taking a game from the Bearcats in the entire tournament as they went on to sweep Carroll and Owen Counties in one-sided matches to take the All A regional title and earn a trip to the State tournament.

In the second game the Warriors stayed close early until Walton began to dominate with good serving and more excellent hitting. Eminence led 8-7 before Walton went on a 10-1 rally to go up 17-9 and put the game away. They cruised to a 25-14 win.

"We came out really strong and I felt like we played them really well," Bullock said. "But it wasn't the outcome we wanted. I told them that we needed to start strong in the second game but it was the opposite."

"We seemed to play scared and hesitant and back on our heels. We were not as aggressive as we were in the first game. It's kind of hard to figure out. It was almost like watching two separate teams."

GREG WOODS/LOCAL

WARRIORS

FROM PAGE A18

touchdown run to make it 20-0.

The Warriors settled down after the rough first quarter and outscored the Greyhounds the rest of the way.

Eminence scored their first touchdown on a 22-yard pass from Payton to Bailey with 8:18 left in the half to make it 20-6.

But Manchester added another score to lead at halftime 26-6.

The Warriors added two more touchdowns in the third quarter, Payton hit Jared Golden for a 32-yard touchdown pass with 9:18 to go and then Cameron Mathis added a 14-yard touchdown at the 1:50 mark. Bailey ran in the two-point conversion to give the Warriors 20 points. But Manchester scored 19 points of their own in the third period to make the score 45-20 going into the final period.

The Warriors added

three touchdowns in the final period.

Payton hooked up with Mathis on a 34-yard pass with 11:53 to go. At the 3:33 mark Bailey broke loose for a 32-yard touchdown run and Mathis ran in the conversion.

The Warriors' final score came on a pass by Payton to Golden from 23-yards out and Bailey converted the two points on a run to give the Warriors 42 points, their best output of the season.

Manchester added one touchdown and PAT to tally 52 points for the game.

Coach Paul McDowell thought the Warriors were not ready to play.

"We played poorly in the first quarter," he said. "We were very flat in the first quarter and that is on me. Defensively, we weren't recognizing the zone-reads on their option. We prepared for it but didn't execute very well."

"Overall, as badly as we played in the first quarter, we played well offensively

the rest of the way."

McDowell was proud of the team for stepping up after getting down so early.

"We had a talk at halftime and they responded," McDowell said. "We didn't make as many mistakes and we moved the ball well. They couldn't stop us in the second half."

"Defensively, we were quite a bit more inspired," he continued. "Marcos Garduno was very vocal coming out of halftime and took on some leadership and played well. Travis Bell and Danny Lloyd also had good games defensively."

McDowell was impressed again with his young running backs, sophomores Mathis and Rader.

"They ran hard again tonight and played well on both sides of the ball," McDowell said. "Trevor had a really good game. He handled himself well. His passing was accurate and his decision-making was good. We got a

couple of other receivers involved in the passing game. Jared Golden was a bright spot with two

touchdown receptions."

In the end McDowell gave credit to Manchester.

"The other team was very disciplined and well-coached," he said. "They were a good football

WILDCATS

FROM PAGE A18

Two plays later Austin Hartsell made a bruising 15-yard run through the defense to get the Cats back within a touchdown at 20-13. Buckley's extra point kick made it a six-point game with 8:59 left in the third quarter.

But Holy Cross soon answered back with a 72-yard touchdown play on a screen pass with 6:54 to go in the period. Holy Cross again failed on the PAT attempt and the Wildcats trailed 26-14.

The Cats then began a long drive that would span two quarters and seemingly set the tone for the rest of the game. Bodie Clark scored on a two-yard run with 11:27 left in the game. The PAT made it 26-21.

Clark had several important runs in the drive to keep it going and Devin Hagan contributed a 14-yard run and a 13-yard run along the way. Trevyn Spencer was able to get the needed yardage on quarterback sneaks on two occasions when the drive was in danger of stalling out.

Holy Cross got good field position on their next possession but the quarterback fumbled the ball on the first play of the drive and Austin Hartsell recovered to give Henry County a chance for the lead.

Henry County started on the Holy Cross 46-yard line and after Hagan was stopped for a loss, Clark ripped off a tough 13-yard run up

the middle. From there, it was all Hartsell as he made three consecutive punishing runs of 5, 20, and 10 yards to get to the end zone and give the Cats their first lead since early in the game. The PAT was no good but Henry County was on top with all the momentum at 27-26 with 7:56 left in the game.

Two penalties on Henry County on the kickoff gave Holy Cross good field position but Henry County forced Holy Cross into a fourth and five situation from the 40-yard line and the Cougars decided to go for it with less than six minutes left. The Cougars ran an option play and the pitch was fumbled with Henry County recovering on the 43-yard line with 5:14 to play.

Henry County then began to run it down the middle of the field with power running by Clark and Hartsell.

Hartsell carried it in from ten yards out with 2:02 left to give the Cats a 33-26 lead. The Wildcats decided to go for two points on the conversion to give them a nine-point cushion with two minutes to go. It would require Holy Cross to get two scores if it were successful.

But the Wildcats were stopped just short of the goal line and the Cougars still had hope.

The Cougars started their final drive from their own 29-yard line. After an incomplete pass, they hit for a 13-yarder. On the next play Holy Cross set up an outside screen, which had been

successful earlier in the game, but defensive back Cameron Johnson fought through a block to stop the receiver for no gain.

The next pass was incomplete to make it third and ten. Holy Cross went deep on the next pass but Hagan made a great recovery after letting the receiver behind him to leap in the air and bat the ball down.

Holy Cross then got a clutch first down on a 13-yard pass play to the Henry County 44-yard line.

After a false start penalty made it first and fifteen, Dylan Mayer appeared to come up with the game-clinching interception but it was called back when interference was called on another Wildcat defender.

The penalty gave Holy Cross a first and ten from the 29-yard line with 30.6 left on the clock. After a short gain on an outside screen pass, the Cougars struck for the game-winner on an inside screen for the 26-yard touchdown.

Holy Cross decided to go for the win on the road and tried a two-point conversion. The Wildcats were called for jumping into the neutral zone, which made the try come from 1.5 yards away. The quarterback got enough surge from his lineman to get the nose of the football over the line on the sneak play and Holy Cross had pulled out the improbable 34-33 victory.

"Holy Cross came out with a good game plan on both sides of the ball

to slow us down to start the game," Coach Jason Spencer said. "They jumped out on us early, but I was proud of how our team responded. We fought our way back into the game to take the lead."

"I take responsibility for the loss," Spencer continued. "After our last touchdown I decided to go for two, which would have put us up by nine."

Spencer was ready to put the tough loss behind the team.

"I am very proud of the heart and effort that the players showed tonight," Spencer said. "They fought until the last second. Now we have to regroup and get ready for Waggenger."

LADY

FROM PAGE A18

out of position and not communicating. They split our back line and from there it was a foot-

race. One of their forwards broke through and scored."

But according to Pfeiffer the team responded well to going down early.

"That woke us up as a team, Pfeiffer said.

GREG WOODS/LOCAL

Above, Savannah Medley rises high to head the ball. Below, Rachel Vegh plays the ball forward to Dani Phillips in the Lady Cats' 5-0 win over Gallatin County. Vegh had three goals and Medley one in the game.

"We literally made a 180-degree turnaround. We didn't even look like the same team. The last 30 minutes of the half we played predominately in our offensive half. We were pounding the goal and controlling the game."

The Lady Cats finally broke through on a free kick by Rachel Vegh. Vegh took the kick from just outside the 18-yard box.

"It was a beautiful goal," Vegh said. "That goal pumped us up and got the team in high spirits."

Even though the Cats continued to dominate possession they were unable to break through again and the teams went into halftime tied 1-1.

"We talked at halftime and changed some things defensively and offensively and went into the second half with the mindset that they did not belong on the same field with us," Pfeiffer said.

The Lady Cats continued to control the game

according to Pfeiffer.

"I have been preaching the importance of winning every 50-50 ball and I think it's final setting in," she said.

Savannah Medley finally broke the deadlock in the 26th minute.

"She battled through their physical, foul-prone defense and scored," Pfeiffer said. "It was well deserved. She played a heck of a game."

The Lady Cats did not let up after the second goal and continued to hammer away at the Owen County goal. Medley eventually found an opening after dribbling through the Lady Rebel defense and took a shot at the far post. The ball stopped just short of the goal and Vegh was there to knock in the rebound.

"To Owen County's, credit they did not let up," Pfeiffer said. "They were able to sneak in a goal due to a miscommunication in the back. The last nine minutes were crucial after the goal. Our defense really stepped up to the occasion and played extremely strong and smart. I'm very proud of the improvements they made during the game."

Pfeiffer singled out the play of a senior defender and a freshman midfielder as key to the game.

"Hollie Jameson and Savannah Medley were the players of the game," Pfeiffer said. "Hollie communicated the entire game and really contributed to winning balls out of the air. Savannah worked her tail off. She was getting bumped and pushed and that didn't stop her."

Pfeiffer still believes the team can improve going forward.

"We still need to talk better on defense and keep a better shape," she said. "We need to take more shots from outside on offense and we need

to start games better."

HCHS 5 Gallatin Co. 0

Although it took a while to break through, the Lady Cats heeded their coach's advice and got off to a stronger start against Gallatin County on Sept. 10 in their first home game of the season.

"We were more focused and they realized the importance of the game for district seeding," Pfeiffer said. "They wanted to prove that the 7-6 loss at Gallatin County was a fluke."

The game was evenly played throughout the first eight minutes before Henry County began to get more possession in their half of the field.

But it would take the Lady Cats 25 minutes to get the first goal of the game.

Medley crossed the ball into the middle of the field near the goal and a shot by Vegh was deflected at the near post. The ball rolled across to the far post where a charging Micah Hardin scored from point blank range to make it 1-0.

Two minutes later Medley scored on a good shot from the right side about 17 yards out into the far upper corner of the goal to make it 2-0 going into halftime.

Vegh had another effort saved with 10:23 before Gallatin finally got a little offensive possession.

Goalkeeper Sophie Hughes had to make two one-on-one saves in the final five minutes to keep the shutout intact.

The Lady Cats pressed forward to start the second half and a shot by Vegh went just over the bar one minute after the second half kickoff. Hughes made another good save at 25:20.

After that it was one-way traffic for the Lady Cats as they assaulted the Lady Wildcats' goal.

Hardin had a shot bounce of the left upright at 24:10. Medley forced the goalkeeper into a save at 18:56 and then Vegh broke through for the third goal when she took a long free kick from Justice Kirk and scored from 17 yards out with 17:10 left in the game.

Vegh ended up with a hat trick as she scored the final two goals of the game. The first came with 13:42 left on another shot from just inside the 18-yard box. She received a cross from Sarah Forcee, made a nice turn on the defender and let fly with an laser shot that found the back of the net.

The final goal came with 4:23 left when Teresa Devesse dribbled down the right side and crossed the ball into the middle where Hardin took a close range shot. The goalkeeper deflected the ball into Vegh's path and the prolific goal scorer made her pay.

For Pfeiffer, there was plenty of praise to spread around after the dominating performance.

"Sophie played her usual great game at goalie," Pfeiffer said. "Izzy Miller had to move to a different position as defensive stopper rather than midfielder where she likes to join in the attack but she did a good job and was tough in the middle of defense. Rachel did a great job with three goals and Savannah was tenacious and all over the place playing center midfielder."

Pfeiffer also liked how her defense was able to use the offside trap to stop Gallatin County's attacks.

"I felt like our offside trap was pretty effective but we need to make sure it is in sync," she said. "It's a strategy we use when we think it will work against certain teams. It's not part of our normal set up."

HCHS FOOTBALL

Wildcats lose wild one to Cougars, 34-33

BY GREG WOODS
sports@hclocal.com

When the horn sounded on Friday night’s football matchup between the Henry County Wildcats and the Holy Cross Cougars the Wildcats walked off the field disonsolately with their first lost of the season. th ewildcats made a furious comeback in the second half only to see the Cougars pull out the victory in the end. The Holy Cross Cougars should be proud of their own comeback after they saw the Wildcats power run

their way to three consecutive scores. Along the way the Cougars had several players carried from the field after punishing hits by the Wildcats. In the end, they mustered enough gas to get into the end zone one last time and tacked on the two-point conversion for the one-point win. The game opened with the Cougars scoring on a fourth-and-two play when the quarterback ran 79 yards to the end zone. The point-after attempt was no good making it 6-0 in favor of Holy Cross with 8:41

left in the first quarter. Henry County struck back when Mason Fish ran 17 yards for a score. Jacob Buckley’s extra point attempt was good to give the Wildcats the lead with 8:15 left in the second quarter. Holy Cross reclaimed the lead soon after when they scored on a 6-yard screen pass with 5:22 left in the first half. They converted the two-point pass attempt to make it 14-7 going into half-time. Holy Cross got great field position on a 70-yard kickoff return to start the second half

and took advantage of it when they scored on a 15-yard run on third down. They failed on the PAT and led 20-7 with 11:31 left in the third quarter. But the Wildcats showed they had a good return game when Devin Hagan brought back the ensuing kick for 50 yards to give Henry County a first and ten at the 32-yard line. An interference call on Holy Cross on a third-and-eight pass gave Henry County the ball on the 15-yard line.

Lady Cats go to 2-1 in district

Micah Hardin- 1 goal vs. Gallatin County

Defeat Gallatin in rematch; win at Owen

BY GREG WOODS
sports@hclocal.com

The Henry County Lady Cats improved to 2-1 in district play last week with a 3-2 road win over Owen County on Sept. 8 and 5-0 rout of Gallatin County on Sept. 10. The Lady Cats now own a 4-3 record overall. **HCHS 3 Owen Co. 2** The Lady Cats started their game with the Lady Rebels in typical fashion, according to Coach Shelby Pfeiffer. “Once again we started out slow,” Pfeiffer said. “Owen County scored the first goal. Our defense played terrible at the beginning of the first half. We were unorganized,

Wildcats win two in district

Beat Gallatin, Owen; fall to Grant

BY GREG WOODS
sports@hclocal.com

The Henry County Wildcats’ soccer team had a busy week with two important district games and a road trip to Grant County. The Cats won their district matchups with Gallatin and Owen but fell 1-0 to Grant.

HCHS 3 Owen Co. 0

Coach Bobby Jameson was pleased that his team controlled possession of the ball against Owen County. “We took our time and worked our offense,” Jameson said. “We came out distributing and passing. Gavin and D.J. had a ton of opportunities in the game. We probably should have had more goals.” The Wildcats’ first score came in the 20th minute when Gavin Jameson scored from 25 yards out. The Wildcats dominated possession but could not get another goal before halftime. Eighteen minutes into the second half Jameson struck again, this time from 18 yards out to make it 2-0. Jacob Buckley provided a nice through ball to Jameson behind the defense on the score. “Gavin was faster than

their defenders and was able to get behind them a lot,” Coach Jameson said. The Wildcats got their final goal with about five minutes to go when Jameson passed to D.J. Aneszko whose shot bounced off the cross bar and right into Jameson’s path. Jameson put the rebound into the net from close range for the hat trick. Coach Jameson had praise for the defense as they recorded their first shutout of the season. “Our goalkeeper Coleton Aneszko and the whole defensive group

played well,” he said. “Brennen Peniston is a standout defensive player. He leads the defense and is the communicator out there. He controls the defense. He was hit and miss at practice early on and I didn’t get to see the real Brennen until the games started.”

EHS VOLLEYBALL

Warriors defeat Gallatin Fall to Walton in All A in busy week

BY GREG WOODS
sports@hclocal.com

The Eminence Warrior volleyball team traveled to Gallatin County on Sept. 9 and came away with their first district win of the season, 25-21, 25-11, 27-25. “We just put together a really good match,” Coach Morgan Bullock said. “We eliminated errors and executed the way we’ve talked about playing all season. “Gallatin struggled at times and opened the door for us and we took advantage of it. I felt like everyone played well in this match.”

GREG WOODS/LOCAL

Trent Rader spins away from a defender on his way to a long gain in the first quarter against the Manchester Greyhounds Friday night.

The first period proved to be decisive in the Eminence Warriors’ 52-42 loss to the Manchester Greyhounds in the Warriors’ home opener Friday night. Turnovers and big plays by the Greyhounds put Eminence in a 20-0 hole at the end of the opening period. The Warriors’ Cameron Mathis returned the opening kick 37 yards to give EHS good field position on their first

possession. DeMarcus Bailey ran for 15 yards on the first play from scrimmage and Mathis added 10 more on the next play to make it first and 10 on the 20-yard line. On third and 12, the Warriors got a tough ten-yard run from quarterback Trevor Payton, but he fumbled the ball and Manchester took over on their own 12-yard line. The Greyhounds from Ohio moved the ball quickly up the field and scored their first TD on a 25-yard run by the quarterback. The PAT was no

good but Manchester led 6-0 with 6:57 to play in the first quarter. On the Warriors’ next possession, a high snap on a punt attempt led to a safety and the Warriors had to kick the ball away. With 5:41 to go it was 8-0. Manchester returned the ensuing kickoff 60 yards for their second touchdown and a 14-0 lead. The Warriors again got a good drive going as Trent Rader and Mathis ran for tough yards. A 17-yard carry by Rader

gave the Warriors a first and 10 at the 14-yard line. A seven-yard run by Payton set up second and three from the seven. Rader carried for five yards on the next play to make it first and goal from the two-yard line. After two plays pushed the Warriors back to the four-yard line the Warriors fumbled again and Manchester recovered on the 10-yard line. On the last play of the period the Greyhounds ripped off a 90-yard
